Our offers range from the basic ten-week so-called "Herrschinger Grundkurs" for young people, through vocational entrepreneurship courses, up to conferences and symposiums. Through our own experience, we know what is needed to ensure your event is a success.

The House of Bavarian Agriculture in Herrsching offers you eleven different seminar and meeting rooms between 30 und 330 m² with modern media technology and extensive moderation material. The large hall is ideal for up to 300 people. Its excellent acoustics also allow for sophisticated concerts. A large window front allows visitors to enjoy their business meeting while overlooking the serene meadows and forests.

There are also our "Wiesenterrasse" and our "Bierstüberl", where guests can sit back and relax or mingle between meetings.
